

Child Safety and Effective Leadership

The child safe standards require schools to have strategies to embed a school culture of child safety, including through effective leadership arrangements. Protecting children from abuse is everybody's business, and a school's leadership is essential to instilling a child safety culture.

Leadership in a child safe environment

Working with children can be very rewarding, and it brings additional responsibilities.

We must act to protect children from abuse and build an environment where children feel respected, valued and encouraged to reach their full potential. This requires a culture of child safety to be embedded throughout Chiltern Primary School so that child safety is part of everyone's everyday thinking and practice. Such a culture is achieved through proactive leadership in demonstrating the appropriate values, attitudes and behaviours of an organisation.

A child safe environment is the product of a range of strategies and initiatives. Chiltern Primary School fosters a culture of openness, inclusiveness and awareness. Children and adults know what to do if they observe or are subject to abuse or inappropriate behaviour.

All staff and volunteers consider the safety of all children, and recognise the importance of cultural safety for Aboriginal children, cultural safety for children from culturally and linguistically diverse backgrounds, and the safety of children with a disability.¹

Governance in a child safe environment

Leadership takes preventative, proactive and participatory approaches to child safety issues. The safety and wellbeing of children at Chiltern Primary School is paramount and given consideration when developing activities, policies and management practices.

Leadership responsibilities

Leadership is responsible for embedding a culture of child safety at Chiltern Primary School. Leadership takes the lead in protecting children from abuse, and is made aware of child abuse allegations and risks and takes responsibility for ensuring an appropriate response.

Chiltern Primary School ensures that all allegations of child abuse and child safety concerns are treated very seriously. This includes complying with all legal requirements, including reporting suspicions of child abuse to police and/or child protection.

If you believe a child is at immediate risk of abuse phone 000.

Identify and analyse risk of abuse

Chiltern Primary School adopts an approach to prevent, detect and respond to child abuse risks. This includes a risk management strategy and policy that sets out how we identify, assess, and the steps taken to reduce or remove child abuse risks.

Child Safe Standard No. 1

Develop a child safe policy

Chiltern Primary School has developed a child safe policy which outlines our commitment to promoting children's wellbeing and protecting children from abuse.

Develop codes of conduct

Chiltern Primary School has a code of conduct which specifies the standards of conduct and care required when working and interacting with children.

We also refer to professional codes of conduct where appropriate ie. DET and VIT documents.

Choose suitable employees and volunteers

Chiltern Primary School takes all reasonable steps to ensure that it engages the most suitable and appropriate people to work with children. This includes police record and identity checks, Working with Children Checks where required, face-to-face interviews and detailed reference checks from previous employers.

Support, train, supervise and enhance performance

Chiltern Primary School ensures that volunteers and employees who work with children have ongoing supervision, support and training so that their performance is developed and enhanced to help protect children from abuse. The Principal in our school, who has the knowledge of child safety issues, is a point of contact for others who have questions or concerns or want to report an allegation of abuse.

Promote inclusion

Chiltern Primary School is inclusive to all children and families. We have a culture that supports:

- cultural safety for Aboriginal children, for example by working in partnership with Aboriginal peoples and Aboriginal community controlled organisations
- cultural safety for children from culturally and/or linguistically diverse backgrounds, for example by using inclusive language and images in policy documents, and communications such as the website and newsletters
- the safety of children with a disability, for example by ensuring our school is accessible to everyone and ensuring appropriate training and supervision of staff and volunteers working with children with a disability and children deemed vulnerable

Empower and promote the participation of children in decision-making

Chiltern Primary School promotes the involvement and participation of children in developing and maintaining child safe environments. For example, we provide regular forums/opportunities for children to express their views. We listen to children and take them seriously, particularly if they are disclosing abuse or concerns for their safety or the safety of other children.

This policy was ratified by School Council in April 2019
