

Bullying Prevention Policy

PURPOSE

Chiltern Primary School is committed to providing a safe and respectful learning environment where bullying will not be tolerated.

The purpose of this policy is to:

- explain the definition of bullying
- make clear that all forms of bullying at Chiltern Primary School will not be tolerated
- ask that everyone in our school community be alert to signs and evidence of bullying behaviour, and accept responsibility to report bullying behaviour to school staff
- ensure that all reported incidents of bullying are appropriately investigated and addressed
- ensure that support is provided to students who may be affected by bullying behaviour (including victims, bystanders and perpetrators)
- seek parental and peer group support in addressing and preventing bullying behaviour at Chiltern Primary School

When responding to bullying behaviour, Chiltern Primary School aims to:

- be proportionate, consistent and responsive
- find a constructive and positive solution for everyone
- stop the bullying from happening again
- restore the relationships between the students involved

Chiltern Primary School acknowledges that school staff owe a duty of care to students to take reasonable steps to reduce the risk of reasonably foreseeable harm, which can include harm that may be caused by bullying behaviour.

SCOPE

This policy addresses how Chiltern Primary School aims to prevent and respond to student bullying behaviour. Chiltern Primary School recognises that there are many other types of inappropriate student behaviours that do not meet the definition of bullying which are also unacceptable at our school. These other inappropriate behaviours will be managed in accordance with our *Student Wellbeing and Engagement Policy*.

This policy applies to all school activities, including camps and excursions.

POLICY

Definitions

Bullying occurs when someone, or a group of people, deliberately and repeatedly upset, harass, intimidate, threaten or hurt another person or damage their property, reputation or social acceptance. There is an imbalance of power in incidents of bullying, where the bully or bullies have more power than the victim due to their age, size, status or other reasons.

Bullying may be direct or indirect, physical or verbal, and includes cyberbullying. Bullying is not a one-off disagreement between two or more people or a situation of mutual dislike. In this policy any reference to 'bullying' includes all forms of bullying including cyberbullying.

Bullying can be:

1. *direct physical bullying* — e.g. hitting, tripping, and pushing or damaging property.
2. *direct verbal bullying* — e.g. name calling, insults, homophobic or racist remarks, verbal abuse.
3. *indirect bullying* - e.g. spreading rumours, playing nasty jokes to embarrass and humiliate, mimicking, encouraging others to socially exclude a person and/or damaging a person's social reputation or social acceptance.

Harassment can also constitute bullying if it amounts to a pattern of behaviour or course of conduct towards another person that is demeaning, offensive or intimidating to a person.

Cyberbullying is direct or indirect bullying behaviours using digital technology. For example via a mobile phone, tablets, computers, chat rooms, email, social media, etc. It can be verbal, written or include use of images, video and/or audio.

Other distressing behaviours

Many distressing behaviours may not constitute bullying even though they are unpleasant. Students who are involved in or who witness any distressing behaviours should report their concerns to school staff and our school will follow the Student Wellbeing and Engagement Policy.

Mutual conflict involves an argument or disagreement between people with no imbalance of power. In incidents of mutual conflict, generally, both parties are upset and usually both want a resolution to the issue. Unresolved mutual conflict can develop into bullying if one of the parties targets the other repeatedly in retaliation.

Social rejection or dislike is not bullying unless it involves deliberate and repeated attempts to cause distress, exclude or create dislike by others.

Single-episode acts of harassment, nastiness or physical aggression are not the same as bullying. If someone is verbally abused or pushed on one occasion, they are not being bullied. Harassment, nastiness or physical aggression that is directed towards many different people is not the same as bullying. However, single episodes of harassment, nastiness or physical aggression are not acceptable behaviours at our school.

BULLYING PREVENTION

Chiltern Primary School has a number of programs and strategies in place to build a positive and inclusive school culture. We strive to foster a school culture that prevents bullying behaviour by modelling and encouraging behaviour that demonstrates acceptance, kindness and respect.

Bullying prevention at Chiltern Primary School is proactive and is supported by research that indicates that a whole school, multifaceted approach is the most effective way to prevent and address bullying. At our school:

- We have a positive school environment that provides safety, security and support for students and promotes positive relationships and wellbeing
- We strive to build strong partnerships between the school, families and the broader community that means all members work together to ensure the safety of students
- « Teachers are encouraged to incorporate classroom management strategies that discourage bullying and promote positive behaviour
- A range of year level incursions and programs are planned for each year to raise awareness about bullying and its impacts

- In the classroom, our social and emotional learning curriculum teaches students what constitutes bullying and how to respond to bullying behaviour assertively. This promotes resilience, assertiveness, conflict resolution and problem solving
- The Peer Support Program and the Peer Mediation program encourage positive relationships between students in different year levels. We seek to empower students to be confident communicators and to *resolve* conflict in a non-aggressive and constructive way
- Students are encouraged to look out for each other and to talk to teachers and older peers about any bullying they have experienced or witnessed

For further information about our engagement and wellbeing initiatives, please see our *Student Wellbeing and Engagement* policy/student Engagement Policy.

INCIDENT RESPONSE

Reporting concerns to Chiltern Primary School

Bullying complaints will be taken seriously and responded to sensitively at our school.

Students who may be experiencing bullying behaviour, or students who have witnessed bullying behaviour, are encouraged to report their concerns to school staff as soon as possible.

In most circumstances, we encourage students to speak to their teacher. However, students are welcome to discuss their concerns with any trusted member of staff including teachers, wellbeing staff, school social worker etc, Education Support Staff and the Principal.

Parents or carers who may develop concerns that their child is involved in, or has witnessed bullying behaviour at Chiltern Primary School should contact the Student Wellbeing Coordinator, Louie Tempany, by phone on 5726 1421.

Our ability to effectively reduce and eliminate bullying behaviour is greatly affected by students and/or parents and carers reporting concerning behaviour as soon as possible, so that the responses implemented by Chiltern Primary School are timely and appropriate in the circumstances.

Investigations

When notified of alleged bullying behaviour, school staff are required to:

1. record the details of the allegations in the incident register
2. inform staff involved, i.e. the relevant classroom teacher or Principal

The classroom teacher or Principal is responsible for investigating allegations of bullying in a timely and sensitive manner. To appropriately investigate an allegation of bullying, the classroom teacher or Principal may:

- speak to the students involved in the allegations, including the victim/s, the alleged perpetrator/s and any witnesses to the incidents
- speak to the parents of the students involved
- speak to the teachers of the students involved
- take detailed notes of all discussions for future reference
- obtain written statements from all or any of the above.

All communications with the classroom teacher or Principal, in the course of investigating an allegation of bullying will be managed sensitively. Investigations will be completed as quickly as possible to allow for the behaviours to be addressed in a timely manner.

The objective of completing a thorough investigation into the circumstances of alleged bullying behaviour is to determine the nature of the conduct and the students involved. A thorough understanding of the alleged bullying will inform staff about how to most effectively implement an appropriate response to that behaviour.

Serious bullying, including serious cyberbullying, is a criminal offence and may be referred to Victoria Police. For more information, see: [Brodie's Law](#).

Responses to bullying behaviours

When the classroom teacher or Principal has sufficient information to understand the circumstances of the alleged bullying and the students involved, a number of strategies may be implemented to address the behaviour and support affected students in consultation with Student Wellbeing Officer, teachers, SSS, Principal, Department of Education and Training specialist staff etc.

There are a number of factors that will be considered when determining the most appropriate response to the behaviour. When making a decision about how to respond to bullying behaviour, Chiltern Primary School will consider:

- the age and maturity of the students involved
- the severity and frequency of the bullying, and the impact it has had on the victim student
- whether the perpetrator student or students have displayed similar behaviour before
- whether the bullying took place in a group or one-to-one context
- whether the perpetrator demonstrates insight or remorse for their behaviour
- the alleged motive of the behaviour, including any element of provocation

The Principal may implement all, or some of the following responses to bullying behaviours:

- Offer counselling support to the victim student or students, including referral to: the Student Wellbeing Officer, SSS, external provider
- Offer counselling support to the perpetrator student or students, including referral to the: Student Wellbeing Officer, SSS, external provider
- Offer counselling support to affected students, including witnesses and/or friends of the victim student, including referral to the Student Wellbeing Officer, SSS, external provider
- Facilitate a restorative practice meeting with all or some of the students involved. The objective of restorative practice is to repair relationships that have been damaged by bringing about a sense of remorse and restorative action on the part of the person who has bullied someone and forgiveness by the person who has been bullied
- Facilitate a mediation between some or all of the students involved to help to encourage students to take responsibility for their behaviour and explore underlying reasons for conflict or grievance. Mediation is only suitable if all students are involved voluntarily and demonstrate a willingness to engage in the mediation process
- Facilitate a process using the Support Group Method, involving the victim student(s), the perpetrator students and a group of students who are likely to be supportive of the victim(s)
- Implement a Method of Shared Concern process with all students involved in the bullying
- Implement disciplinary consequences for the perpetrator students, which may include removal of privileges, detention, suspension and/or expulsion consistent with our Student Wellbeing and Engagement policy, the Ministerial Order on Suspensions and Expulsions and any other relevant Department policy

- Facilitate a Student Support Group meeting and/or Behaviour Support Plan for affected students.
- Prepare a Safety Plan or Individual Management Plan, restricting contact between victim and perpetrator students.
- Monitor the behaviour of the students involved for an appropriate time and take follow up action if necessary.
- Implement year group targeted strategies to reinforce positive behaviours

The Principal is responsible for maintaining up to date records of the investigation of and responses to bullying behaviour.

Chiltern Primary School understands the importance of monitoring and following up on the progress of students who have been involved in or affected by bullying behaviour. Where appropriate, school staff will also endeavour to provide parents and carers with updates on the management of bullying incidents.

ANNEXURE A: ACCEPTABLE USE AGREEMENT

Acceptable Use Agreement

[Here you may include your school's *Acceptable Use Agreement* (AUA), if applicable. The Department recommends that schools require students to complete an *Acceptable Use Agreement* (AUA), describing behavioural expectations of students to use the internet and digital technology in a safe and responsible manner. It is recommended that teachers work through the behaviours with students before the AUA is sent home for parent discussion and agreement. Below are links to two draft documents that may be used as the basis for your own AUA.

The draft AUA for Primary Schools includes space for student input, allowing students to express their own ideas about safe, responsible and ethical behaviour after working through the discussion points. The inclusion of student voice will increase ownership and relevance. It may be included as part of the final Acceptable Use Agreement sent home to parents for discussion and agreement.
